

Treverbyn Academy – EYFS Curriculum

“Nurturing bright beginnings for a lifelong love of learning”

EYFS Curriculum Vision

At Treverbyn Academy, our vision is to create a nurturing, inspiring and inclusive Early Years environment where every child is valued as a unique individual and empowered to achieve their full potential.

We believe that the earliest years of education are the foundation for all future learning. Our EYFS provision is designed to spark curiosity, develop confidence and resilience, and instil a lifelong love of learning.

Through a balance of play, exploration and carefully planned teaching, we create opportunities for children to:

- **Discover and explore** the world around them with wonder and curiosity.
- **Develop strong communication and language skills**, giving them the confidence to express themselves and connect with others.
- **Build positive relationships** and learn respect, empathy and responsibility.
- **Grow in independence and resilience**, preparing them for the challenges and opportunities ahead.
- **Celebrate diversity** and learn to value themselves and others.

Our vision is for every child to leave the EYFS at Treverbyn Academy as a happy, confident and capable learner, ready to embrace the next stage of their education and the wider world.

Intent, Implementation & Impact

Intent

At Treverbyn Academy, our vision is to provide an Early Years curriculum that nurtures confident, independent and happy learners who thrive from their unique starting points. We are committed to giving every child the very best foundations for lifelong learning through an ambitious, inclusive and enriching curriculum.

We place a strong emphasis on communication and language as the cornerstone of learning. In Nursery and Reception we use the WellComm speech and language programme to identify and support children early, ensuring that high-quality interventions develop secure language skills for all.

Our curriculum is enriched through a wide range of experiences: trips, visitors, real-world contexts, and inspiring activities that spark curiosity and imagination. We create purposeful links across the curriculum and make full use of both our indoor and outdoor environments, as well as our local area, to engage children in their own interests and fascinations.

We value individuality and celebrate the unique skills, talents and passions of every child and member of staff. Through strong partnerships with parents and carers, we work together to encourage children to become resilient, enthusiastic and successful learners.

We have high expectations for all pupils, including those with SEND. Learning is carefully scaffolded and adapted to ensure that every child is challenged, supported and able to achieve their very best. Our curriculum is ambitious by design, ensuring that all children leave the EYFS ready to succeed in the next stage of their education.

By the end of EYFS, children will be confident, independent, and enthusiastic learners who are ready for the challenges of Key Stage 1.

Implementation

At Treverbyn Academy, our Early Years provision is thoughtfully designed to nurture each child's growth and development.

We offer a carefully sequenced curriculum that builds on children's unique experiences, laying strong foundations for future learning across all seven areas, with a special focus on the prime areas.

Our dedicated staff lead with warmth and expertise, modelling language, thinking, and positive behaviours while delivering phonics, early reading, and number sense through engaging, playful experiences.

Children thrive in our rich indoor and outdoor environments, where they are encouraged to take risks, solve problems, and express creativity.

We respond sensitively to each child's needs and interests, using observation and assessment to guide their learning journey.

Our inclusive approach ensures every child receives the support they need to flourish, and we work in close partnership with families, recognising the vital role they play in their child's education.

Together, we create a joyful, secure and inspiring start to lifelong learning.

Impact

At Treverbyn Academy, we take great pride in nurturing young children to become confident, curious, and resilient learners.

From their unique starting points, each child is supported to make meaningful progress, with most achieving a Good Level of Development.

Our Early Years provision fosters independence and a love of learning through rich experiences in language, stories, and early mathematics.

As they leave the EYFS, our children carry with them a deep sense of pride, wonder, and ambition—ready to embrace the next stage of their journey with enthusiasm and joy.
